36. If the plaintiff wishes to withdraw a suit, he shall signify the same in withdrawing to the court, which shall strike the suit off the file, and no fresh suit shall be brought on the same cause of action

37. If either party is willing to let the suit be settled by the oath of the other, and such other party assents and takes the oath, the court shall give judgment according to such oath

If, on such day, the parties or any of them fail to appear, the village court may proceed to dispose of the suit in one of the modes prescribed in that behalf by sections 30 and 31, or make such other order as it thinks fit.

It may be left in the custody of the judgment-debtor, upon sufficient security being given in writing for its production when required. On default the decree may be executed against the surety to the value of the property not produced.

54. If the property be not in the possession of the judgment-debtor, the attachment shall be made by a written order prohibiting the person in possession of the property from giving it over to the judgment-debtor.

55. Debts and moneys due to the judgment-debtor shall be attached by a written order prohibiting the judgment-debtor from making payment thereof, until the further order of the village court. Nothing in this section shall be held to authorize a village court to attach or sell a debt charged on immovable property.

56. When an attachment has been made by actual seizure, or by a written order, any private alienation of the property attached, whether by sale, gift, pledge or otherwise, and any payment of the debt to the judgment-debtor, during the continuance of the attachment, shall be void as against all claims enforceable under the attachment.

58. As soon as possible after attachment, the village court shall fix a day, not less than fifteen days from the date of attachment, for the sale of the property attached, and shall cause a written proclamation of the intended sale to be fixed outside his court, and such sale shall be further proclaimed by beat of drum previous thereto :

Provided that (1) with the consent in writing of the judgment-debtor, or (2) when the property seized is subject to speedy and natural decay, or (3) when the expense of keeping it in custody may exceed its value, the court may, after giving due notice by beat of drum, sell the attached property at any time within fifteen days from the date of attachment. In such case the court shall hold the sale-proceeds subject to the provisions hereinafter made for payment of moneys attached in execution of decrees.

59. On the day fixed for the sale, the property shall be put up for sale by public auction in the presence of the village munsif, and sold to the highest bidder. The price shall be paid without delay, and in default the property shall again be put up to sale.

On payment of the purchase money, the court shall grant a receipt for the same, and the sale shall become absolute.

62. Every sale of property under this Act shall be stopped if, before the sale is knocked down, the amount due under the decree and the costs attending the sale are tendered to the village muunsif.

63. Out of moneys realized in execution, the cost of execution shall first be deducted, and then the amount due to the decree-holder. Any surplus proceeds of the sale may remain shall be paid to the judgment-debtor.

64. When the property sold is one of which actual seizure has been made, the property shall be delivered to the purchaser.

65. When the property sold is in the possession of any person other than the judgment-debtor, or is a debt due by any person to the judgment-debtor, delivery thereof to the purchaser shall be made by a written notice to such person, prohibiting him from delivering possession of the property or paying the debt to any person except the purchaser, and whatever right the judgment-debtor had in such property or debt at the time of attachment shall vest in the purchaser.

66. Any decree passed by a village court may, on the application of the decree-holder, be transmitted for execution to the District Muunsif, who may execute the same as if it were a decree passed by himself, or may transmit it for execution to the court of any other village in which the defendant is represented to have moveable property. Such court shall proceed as if the decree was passed by itself.

67. It shall be competent to the District Muunsif to withdraw the execution of any decree from any village court, and to execute it himself, as if it were a decree passed by himself.

68. If a plaintiff or a defendant die before decree is passed in the suit, the name of his legal representative may be entered in his place on the record, on the application of the opposite party or of such legal representative, but no decree shall be passed in the suit.

(2) If a ryot dies intestate in respect of a right of occupancy and without leaving any heirs except the Crown, his right of occupancy shall be extinguished, but the land in respect of which he had such right of occupancy shall not cease to be ryoti land.

Use of land

11. A ryot may use the land in his holding in any manner which does not materially impair the value of the land or render it unfit for agricultural purposes.

Right to
use of trees.

12. Subject to any rights which by custom or by contract in writing executed by any ryot before the passing of this Act are reserved to the landholder, every occupancy ryot shall have the right to use, enjoy and cut down all trees now in his holding, and in the case of trees which after the passing of this Act may be planted by the ryot or which may naturally grow upon the holding, he shall have the right to use, enjoy and cut them down, notwithstanding any contract or custom to the contrary.

Right of
occupancy
ryot to make
an improve-
ment.

13. (1) Where a ryot has a permanent right of occupancy in his holding neither the ryot nor the landholder shall as such be entitled to prevent the other from making an improvement in respect of the holding except on the ground that he is willing to make it himself.

(2) If both the ryot and the landholder wish to make the same improvement, the ryot shall have the prior right to make it, unless it affects the holding of another ryot under the same landholder, in which case the landholder shall have the prior right.

(3) Notwithstanding any usage or contract to the contrary, a ryot shall not, by reason of making an improvement at his sole expense, become liable to pay a higher rate of rent on account of any increase of production or of any change in the nature of the crop raised as a consequence of such improvement.

14. A non occupancy ryot shall be entitled in due course of husbandry to reclaim, clear, enclose, level, terrace or remove silt from his holding, and to construct, maintain and repair a well for the irrigation of the holding with all works incidental thereto, but shall not be entitled to make any other improvement in respect of his holding without the landholder's permission

Right of non occupancy ryot to make improvements

15. If a question arises between a ryot and the landholder,

(a) as to the right to make an improvement, or

(b) as to whether a particular work is or will be an improvement,

the Collector may, on the application of either party, decide the question

Power of Collector to settle questions connected with improvement.

16. (1) A landholder may apply to such Revenue-officer as the Local Government may appoint, to register any improvement which he has lawfully made or which has been lawfully made at his expense or which he has assisted a ryot in making

Registration of landholder's improvement

(2) The application shall be in such form, shall contain such information, and shall be verified in such manner, by local inquiry or otherwise, as the Local Government may by rule direct

(3) The officer receiving the application may reject it if it has not been made within twelve months from the date of the completion of the work

17. (1) If any landholder or ryot of a holding desires that evidence relating to any improvement made after the passing of this Act in respect of a holding shall be recorded, he may apply to the Collector, who shall thereupon, at a time and place of which notice shall be given to both parties, record the evidence, unless for reasons to be recorded he considers that there are no grounds for the application

Application to record evidence as to improvement.

(2) When any matter has been recorded under this section, the record shall be admissible in evidence in every subsequent proceeding between the landholder and ryot or any persons claiming under them

18. Notwithstanding anything contained in sections 13, 14 and 15, the ryot shall be entitled to make temporary wells, waterchannels, embankments, levellings, enclosures or other works or petty alterations or repairs to such works as are made in the ordinary course of cultivation, and the provisions of section 17 shall not apply to such works or repairs

Saving as to improvements made in ordinary course of cultivation

19. Except as otherwise specially provided in this Act, the relations between a ryot and his tenants or between a landholder and a tenant of ryot and his private land, and the rights of any other owners of land are not regulated by the provisions of this Act

Relation of ryot and landholder

20. Threshing floors, cattle stands, village sites, and other lands situated in any estate which are set apart for the common use of the village shall not be assigned or used for any other purpose without the written order of the District Collector subject to such rules as the Local Government may make in this behalf

Explanation—Any land which has been so set apart by the landholder subsequent to the permanent settlement shall revert to the landholder when, in the opinion of the Collector, it is no longer required for any communal purpose

Saving as to tank-beds.

Nothing in this section shall apply to the tank-beds in any estate or affect the rights of the landholder over them.

Eviction of persons occupying communal lands contrary to rule.

21. Any person occupying any of the lands mentioned in section 20 for any purpose other than that for which the land is so set apart or contrary to the rules framed by the Local Government may at any time within thirty years from the commencement of such occupation be summarily evicted by the Collector in the manner provided by the ¹Madras Land Encroachment Act, 1905, and any crop, product, construction or thing raised, erected or deposited on or upon the lands shall be applied to such communal purposes as the District Collector may adjudge.

Application of provisions of Madras Land Encroachment Act to orders under sections 20 and 21. Presumption in favour of ryoti land.

22. The provisions of sections 10 to 14 of the ¹Madras Land Encroachment Act, 1905, shall apply, as far as may be, to orders under sections 20 and 21 of this Act.

23. When in any suit or proceeding it becomes necessary to determine whether any land is old waste or ryoti land other than old waste, it shall be presumed to be ryoti land other than old waste until the contrary is proved.

CHAPTER III.

GENERAL PROVISIONS RELATING TO THE RATES OF RENT PAYABLE BY RYOTS.

Restriction on enhancement.

24. The rent of a ryot shall not be enhanced except as provided by this Act.

Rent payable on admission to possession of ryoti land after commencement of Act.

25. Every ryot admitted by the landholder after the commencement of this Act to possession of ryoti land other than old waste shall be bound to pay rent at a rate not exceeding the rate prevailing for similar lands with similar advantages in the neighbourhood, or, in case such rate cannot be ascertained, at such rate as the Collector may on application decide to be fair and equitable.

Saving as to receipt of premium.

Nothing in this section precludes the landholder from receiving any premium when the ryot is admitted into possession; but a ryot so admitted shall under no circumstances become liable to make any payment to the landholder after his admission by way of premium or other consideration for such admission; nor shall any holding of the ryot be subjected to any charge in respect of any such premium or consideration or part thereof.

Enhancement of rent originally fixed at a lower rate in consideration of bringing waste land

26. (1) Where for the purpose of clearing and bringing waste land in the estate into cultivation or for the purpose of making any permanent improvement or for planting trees on the holding or where under a contract made prior to the commencement of this Act for any premium, loan or other valu-

able consideration, a ryot has accepted a puttah from, or has entered into an engagement with, his landholder at a rate of rent lower than the lawful rate previously payable upon the land or than the rate lawfully payable upon land of similar description and with similar advantages in the neighbourhood, such rent shall not be liable to enhancement during the period for which such lower rate is payable by contract or custom so long as the ryot shall substantially fulfil the terms upon which and the purposes for which such lower rate was allowed

into cultivation or of making improvement upon the holding

(2) After the expiry of the period for which such lower rate of rent is payable or if the terms upon which and the purposes for which such lower rate was allowed have not been substantially fulfilled the landholder shall be entitled to the full rate

(3) Except as provided by sub section (1) no rate of rent at which land may have been granted by a landholder shall be binding upon the person entitled to the rent after the lifetime of the landholder if such rate is lower than the lawful rate payable by the ryot before the date of the grant upon the land or upon land of similar description and with similar advantages in the neighbourhood

27 If a question arises as to the amount of rent payable by a ryot or the conditions under which he holds in any revenue year, he shall be presumed, until the contrary is shown, to hold at the same rate and under the same conditions as in the last preceding revenue year

Presumption as to amount of rent and conditions of holding

28. In all proceedings under this Act the rent or rate of rent for the time being lawfully payable by a ryot shall be presumed to be fair and equitable until the contrary is proved

Presumption as to fair rate of rent

29 Where for any land in his holding an occupancy ryot pays rent according to the "Waram" (that is the established rate of the village for dividing the crop between the landholder and the ryot) with or without an addition in money, or otherwise in kind or on the estimated value of a portion of the crop, or at rates varying with the crop or partly in one of these ways and partly in another or others, such rent shall not be liable to enhancement

Waram rates not liable to enhancement

30. Where for any land in his holding a ryot pays a money rent the landholder may institute a suit before the Collector to enhance the rent on one or more of the following grounds and no others—

Enhancement of rent by suit

(a) that during the currency of the existing rent there has been a rise in the average local prices of staple food crops in the taluk or zamindari division

(a) Provided that if the rent be permanently payable at a fixed rate or rates it shall not be liable to be enhanced under this clause on the ground of a rise in prices

(b) Provided also that no enhancement under this clause shall raise the rent by more than two annas in the rupee of the rent previously payable for the land

(ii) that during the currency of the existing rent the productive powers of the land held by the ryot have been increased by an improvement effected by, or at the expense of, the landholder :

(iii) that a work of irrigation or other improvement has been executed at the expense of Government, and the landholder has been lawfully required to pay in respect of the holding an additional revenue or rate to Government in consequence thereof :

(iv) that the productive powers of the land held by the ryot have been increased by fluvial action.

Explanation.—"Fluvial action" includes a change in the course of a river rendering irrigation from the river practicable where it was not previously practicable.

31. Where an enhancement is claimed under section 30, clause (i)—

- (a) the Collector shall compare the average prices during the ten years immediately preceding the institution of the suit with the average prices during the ten years ending twenty years immediately before the institution of the suit ;
- (b) if in the opinion of the Collector it is not practicable to take the decennial periods mentioned in clause (a), the Collector may, in his discretion, substitute any shorter periods therefor ;
- (c) the average prices by which the Collector shall be guided shall be those published under the authority of the Local Government, and the Collector shall presume that the prices shown in the lists prepared for any year subsequent to the passing of this Act are correct and may presume that the prices shown in the lists prepared for any year prior to the passing of this Act are correct unless and until it is proved that they are incorrect ;
- (d) the decennial periods taken for the comparison of average prices shall be periods of ten years excluding all years which the Local Government may notify to be, or to have been, famine years in respect of any local area ;
- (e) the enhanced rent shall bear to the previous rent the same proportion as the average prices during the last decennial period bear to the average prices during the previous ten years taken for purposes of comparison : Provided that, in calculating this proportion, the average prices during the later period shall be reduced by one-half of their excess over the average prices during the earlier period.

32. (I) Where an enhancement is claimed under section 30, clause (ii)—

- (a) the Collector shall not grant an enhancement unless the improvement has been registered in accordance with this Act or has been executed within fifteen years preceding the commencement of this Act ;

Rules as to
enhancement
of rent on the
ground of a
rise in prices.

Rules as to
enhancement
of rent on the
ground of
landholder's
improvement.

(b) in determining the amount of enhancement the Collector shall have regard to—

- (i) the increase in the productive powers of the land caused or likely to be caused by the improvement,
- (ii) the cost of the improvement,
- (iii) the cost of the preparation and cultivation required for utilising the improvement, and
- (iv) the existing rent and the ability of the land to bear a higher rent

(2) An enhancement decreed under this section shall, on the application of the ryot or his successor in interest, be subject to revision by the Collector in the event of the improvement not producing or ceasing to produce the estimated effect

33. Where an enhancement is claimed under section 30, clause (iii), the rent may be enhanced by the sum or proportionate part of the sum which the landholder has lawfully to pay to Government on account of the improvement made by them

Rules as to enhancement of rent on the ground of improvement by Government
Rules as to enhancement of rent on the ground of fluvial action

34. Where an enhancement is claimed under section 30, clause (iv)—

- (a) the Collector shall not take into account any increase which is merely temporary or casual,
- (b) the Collector may enhance the rent to such an amount as he may deem fair and equitable, but not so as to give the landholder more than one half of the value of the net increase in the produce of the land

35. Notwithstanding anything contained in sections 31 to 34, the Collector shall not in any case decree any enhancement which is under the circumstances of the case unfair or inequitable, or which would operate so as to raise the rent beyond the value of the established waram of the village in which the holding is situated, commuted in accordance with the provisions of section 40

Enhancement of rent to be fair and equitable

36. If the Collector passing a decree for enhancement under clauses (i), (ii) and (iv) of section 30 considers that the immediate enforcement of the decree to its full extent will be attended with hardship to the ryot, he may direct that the enhancement shall be gradual, that is to say, that the rent shall increase yearly by degrees for any number of years, not exceeding five, until the limit of the enhancement decreed has been reached

Power to order enhancement to be gradual.

37. (1) A suit for enhancement on the ground of a rise in prices shall not be entertained, if within the twenty years next preceding its institution, the rent has whether before or after the passing of this Act been commuted or enhanced or a suit for enhancement has been dismissed on the merits

Limitation of right to bring successive suits for enhancement of rent

(2) Nothing in this section shall affect the provisions of section 373 of the Code of Civil Procedure

* See now the Code of Civil Procedure, 1908 (Act V of 1908), General Acts Vol VI

Reduction of Rent.

Reduction
of rent by
suit.

38. (1) Where for any land in his holding an occupancy ryot pays a money rent, he may institute a suit before the Collector for the reduction of his rent on one or more of the following grounds and on no others :—

- (a) that the soil of the holding has, without the fault of the ryot, become permanently deteriorated by a deposit of sand or by other specific cause, sudden or gradual ; or
- (b) that, in the case of irrigated land, there has been a permanent failure of supply from the irrigation work on which it is dependent ; or
- (c) that during the currency of the existing rent there has been a fall not due to a temporary cause in the average local prices of staple food-crops in the taluk or zamindari division.

(2) In any suit instituted under this section, the Collector may direct such reduction of the rent as he thinks fair and equitable and, in settling the amount of reduction under clause (c) of sub-section (1), shall have regard to the considerations specified in clauses (a), (b), (c) and (d) of section 31.

Limitation of
right to bring
successive
suits for
reduction of
rent.

39. When in a suit instituted under section 38, sub-section (1) (c), a decree has been passed reducing the rent or dismissing the suit on its merits, no fresh suit shall be entertained under the same sub-section if instituted within twenty years from the date of such decree, provided that nothing in this section shall affect the provisions of section 373 of the Code of Civil Procedure.¹

Commutation of Rent.

Commutation
by suit of rent
payable in
kind.

40. (1) Where for any land in his holding an occupancy ryot pays rent in kind or on the estimated value of a portion of the crop, or at rates varying with the crop, or partly in one of these ways and partly in another, or partly in one or more of these ways and partly in cash, either the ryot or the landholder may sue before the Collector to have such rent commuted to a definite money rent.

(2) In such suit the Collector shall decide whether commutation shall be allowed, and if he allows commutation shall pass a decree declaring the sum to be paid as money rent in lieu of rent in kind or otherwise and the time from which the commutation is to take effect.

(3) In making the determination the Collector shall have due regard to each of the following considerations :—

- (a) the average value of the rent actually accrued due to the landholder during the preceding ten years other than the years which the Local Government may notify to be or to have been famine years in respect of any local area or, if the value for such period cannot be ascertained, during any shorter period for which evidence may be available excluding famine years ;

¹ See now the Code of Civil Procedure, 1908 (Act V of 1908), General Acts, Vol. VI.

- (b) the money rent payable by occupancy ryots for land of a similar description and with similar advantages in the same village or neighbouring villages, and
- (c) improvements effected by the landholder or the ryot in respect of the holding, and the rules laid down in section 32

41. (1) Where the rent of a holding has been commuted under section 40, it shall not, except on the grounds specified in clauses (ii) and (iii) of section 30 or on the ground of a subsequent alteration of the area of the holding be enhanced for twenty years, nor shall it be reduced for twenty years save on the ground of alteration in the area of the holding or on the ground specified in clauses (a) and (b) of sub section (1) of section 38

Prohibition against enhancement or reduction of rent for twenty years after commutation.

(2) The said period of twenty years shall be counted from the date on which the commutation takes effect

Alteration of Rent with Area

42. (1) Every ryot shall—

- (a) be liable to pay additional rent for all land proved to be in excess of the area for which rent has been previously paid by him, unless it is proved that the excess is due to the addition to the holding of land which having previously belonged to the holding was lost by diluvion or otherwise without any reduction of the rent being made, and
- (b) be entitled to a reduction of rent in respect of any deficiency proved to exist in the area of his holding as compared with the area for which rent has been previously paid by him unless it is proved that the deficiency is due to the loss of land which was added to the area of the holding by alluvion or otherwise, and that an addition has not been made to the rent in respect of the addition to such area

Alteration of rent in respect of alteration in area

(2) Provided that, in cases of dispute, no alteration of the amount of rent under this section shall be allowed except under the order of the Collector upon application made to him for that purpose by the landholder or the ryot concerned

43. Every landholder may, by himself or by any person authorized by him in this behalf, at any time enter on and measure any land comprised in his estate, for the purposes of the last preceding section

Landholder's right to measure land.

44. (1) Upon an application under sub section (2) of section 42 and upon notice to the opposite party, the Collector shall, after causing such measurements to be made as he thinks fit and after hearing such evidence as the parties may adduce, determine the area for which rent has previously been paid and the amount, if any, to be added to or deducted from the rent

Rules for determination of alteration of rent with area

(2) In determining the area for which rent has been previously paid, the Collector shall have regard to each of the following considerations :—

- (a) the origin and conditions of the occupancy—for instance, whether the rent was a consolidated rent for the entire holding ;
- (b) any reason which may have led the landholder to permit the ryot to hold the additional land whether in consideration of an addition to his total rent or otherwise ;
- (c) any reason which may have led the ryot to consent to hold a reduced area without a corresponding reduction in his rent ;

Explanation.—In determining whether the landholder has permitted the ryot to hold the additional land, or whether the ryot has consented to hold the reduced area without a corresponding reduction in rent, the Collector may take into consideration the length of time during which the occupancy has lasted without dispute as to rent or area ;

and

- (d) the length of the measure used or in local use at the time of the origin of the occupancy as compared with that used or in local use at the time of the application.

(3) In determining the amount to be added to the rent, the Collector shall have regard to the rates payable by ryots for lands of a similar description and with similar advantages in the village or neighbouring villages, and shall not in any case fix any rent which in the circumstances of the case is unfair or inequitable.

(4) When the landholder or ryot is unable to indicate any particular land as held in excess, the rent to be added on account of the excess area may be calculated at the average rate of rent paid on all the lands of the holding exclusive of such excess area.

(5) In case of abatement the deduction from the rent shall be proportionate to the diminution in the total yearly produce of the holding or, in default of satisfactory proof thereof, the deduction shall be proportionate to the diminution in the area of the holding.

(6) An addition to or abatement of rent under this section shall not be deemed an enhancement or reduction of rent within the meaning of this Act.

45. A person who, without the consent of the landholder, occupies for agricultural purposes ryoti land which he has not acquired by inheritance or legal transfer shall be liable to pay for each revenue-year or portion thereof the rent fixed for that land or, if no rent has been fixed such sum as the Collector may on application determine to be fair and equitable, together with such sum not exceeding the rent fixed or determined as the Collector may award as damages for such unauthorized occupation and the landholder shall have against him all the remedies provided by this Act for the recovery of the rent due thereon.

Rates payable for occupation of ryoti land without landholder's consent.

Non occupancy Ryots

46. (1) Except in the cases falling under sub sections (4) and (5) of section 6, and sub-section (4) of section 8, the landholder, notwithstanding any contract to the contrary or the existence of any lease, shall, on the application of a non occupancy ryot and on the tender by him of a sum equal to two and a half times the annual rent payable in respect of the land together with the cost of preparing any instrument required for the purpose, confer upon the ryot a permanent right of occupancy in respect of such land

Procedure for
conferring
permanent
right of
occupancy

Provided that the ryot may for the purposes of any such application and tender and the landholder may, upon any such application and tender being made to him, apply to the Collector to fix the rent of the land for the purpose of this section, and if it is proved to the satisfaction of the Collector that the rate of rent payable in respect of such land is ¹excessive and calculated to prevent the acquisition of the occupancy right or is ²less than the rate usually paid by occupancy ryots for similar land with similar advantages in the neighbourhood, the Collector may, notwithstanding anything contained in section 26, fix ³[in the former case a fair and equitable rent and in the latter case the rent usually paid for similar lands with similar advantages in the neighbourhood,] and the rent so fixed shall for the purpose of this section be deemed to be and to have been at the date of the application and tender the rent payable by the ryot

(2) If a landholder to whom an application and tender have been made by a ryot fails for a period of one month to confer a permanent right of occupancy, the ryot may deposit the sum aforesaid in the Collector's office and apply to the Collector to confer on him a permanent right of occupancy in respect of that land

(3) The Collector shall thereupon give notice of the application to the landholder and after hearing him, if he appears, and making such inquiry as he thinks necessary, may execute any instrument required for conferring a permanent right of occupancy upon the tenant in respect of the land, and the execution shall have the same effect as an execution by the landholder

(4) When the occupancy right has been conferred as aforesaid, the rate at which rent is payable by the ryot for the purpose of acquiring the occupancy right as aforesaid shall be deemed to be the rate lawfully payable by him within the meaning of section 28, and shall not for a period of twenty years be liable to enhancement or reduction on the ground of a rise or fall in prices

(5) The sums payable under this section for the acquisition of the occupancy right shall be paid to the landholder who is the owner of the estate or part thereof, and any application or proceeding under this section shall be made only to or against such landholder

Service of notice of enhancement of rent upon ryot of old waste.

47. When a landholder wishes to enhance the rent payable in respect of any old waste by a ryot whose rent is not fixed by any agreement in writing or who is tenant from year to year or holds over after the expiry of the term of his lease and the ryot does not agree to the enhancement, the landholder may cause to be served on him, through the Collector, a notice of the proposed enhancement not less than six months nor more than twelve months before the commencement of the revenue-year in which the landholder desires the enhancement to take effect.

Procedure when ryot declares willingness to pay enhanced rent.

48. (1) If, within the period of one month from the service of a notice under the last foregoing section, the ryot on whom the notice has been served presents to the Collector issuing the notice a statement in writing declaring his willingness to pay the enhanced rent, he shall be deemed to have agreed to pay that rent from the commencement of the revenue-year next following.

Procedure when ryot fails to make such declaration.

(2) If the ryot does not, within the said period of one month, present to the Collector a statement as aforesaid, the landholder may, not less than ten weeks before the commencement of the revenue-year next following, apply to the Collector to eject the ryot.

Procedure when ryot declares or fails to declare willingness to pay enhanced rent after application for ejectment.

49. (1) If, when the application is made under sub-section (2) of the last foregoing section, the ryot appears and agrees to pay the enhanced rent demanded, his agreement shall thereupon be recorded and he shall not be ejected but shall be liable to pay that rent from the commencement of the revenue-year next following the date of the landholder's application under the said sub-section.

(2) If the ryot fails to appear, or if on appearing he does not agree to pay the enhanced rent demanded, the Collector shall determine what enhancement, if any, is fair and equitable for the land: Provided that, in determining whether any and what enhancement shall be allowed, the Collector shall be guided by the provisions of sections 30 to 37 of this Act.

(3) If the ryot agrees to pay the rent so determined, he shall be entitled to remain in occupation of the land at that rent from the commencement of the revenue-year next following the date of the landholder's application under section 48, sub-section (2).

(4) If the ryot does not agree to pay the rent so determined under sub-section (2), the Collector may make an order for his ejectment subject to the provisions of sections 155 and 156 and subject to the deposit by the landholder, within a month from the date of the order, of the amount of compensation (if any) determined as due to the ryot under section 154. If such amount is not so deposited, the order for ejectment shall become void.

CHAPTER IV.

PUTTAHS AND MUCHALKAS.

Ryots to whom the Chapter applies.

50. (1) The provisions of this Chapter shall apply to all ryots with a permanent right of occupancy and also so far as may be to ryots holding old waste under a landholder otherwise than under a lease in writing.

(2) Every ryot shall be entitled to call upon his landholder to grant him a puttah for any current revenue-year, and every landholder shall be entitled to call upon his ryot to give him a muchalka for any current revenue-year in exchange for a puttah

51. (1) The puttah shall contain the names of the parties, the local description and extent of the land, the rate or amount and nature of the rent payable thereon, according as it may be payable in money, in kind or by a share of the produce, any local tax, cess or fee or charge payable with the rent according to law or usage having the force of law, the period or periods at which such rent, local tax, cess, fee or charge is to be paid, the date of the puttah and all special terms by which it is intended that the parties shall be bound and shall be signed by the landholder. The muchalka may, at the option of the landholder, be a counterpart of the puttah or a simple engagement to hold according to its terms and shall be signed by the ryot

Contents of

(2) Any stipulation in restraint of cultivation or of harvesting by a ryot or for the giving up of possession of his land by an occupancy ryot at any specified time shall be void and of no effect

52. (1) Puttahs and muchalkas may be exchanged for periods of one or more revenue-years, but no landholder shall be bound to tender, and no ryot to accept, a puttah for a period of more than one revenue-year

Period for
which puttahs
and muchal-
kas may be
exchanged

(2) Subject to the provisions of sub section (3), the tender of a puttah or muchalka and the demand for a muchalka or puttah shall be made within twelve months of the commencement of the period to which the puttah or muchalka relates

(3) Puttahs and muchalkas accepted, exchanged or decreed for any revenue year shall remain in force until the commencement of the revenue-year for which fresh puttahs and muchalkas are accepted, exchanged, or decreed, provided that where a puttah or muchalka has continued in force for more revenue years than one, no fresh puttah or muchalka for the same holding shall take effect until the commencement of the revenue year next succeeding that in which it is tendered, accepted, exchanged or decreed

53. (1) No landholder shall have power to proceed against a ryot for the recovery of rent by distraint and sale of his moveable property or by sale of his holding under Chapter VI unless he shall have exchanged a puttah and muchalka with such ryot or tendered him such a puttah as he was bound to accept or unless a valid puttah or muchalka continues in force

Landholder's
right of dis-
traint and
sale of
holding con-
ditional on
tender of
puttah

(2) A puttah tendered by a landholder which in the opinion of the Collector is partially but not entirely correct, shall nevertheless be enforceable to the extent to which it is found to be correct

54. (1) The tender of a puttah may be made to the ryot in the manner provided for the service of notice under sub section (2) of section 78, or if the Collector on the application of the landholder shall so permit in respect of any estate or any portion of an estate, by filing it in the office of the Collector or such other officer as the Local Government may by general or special

order direct; and, if so filed, the Collector or such officer shall cause the puttah to be served on the ryot in the aforesaid manner at the cost of the landholder.

(2) The application shall be signed and verified as a plaint; and shall be accompanied by such payment on account of costs of service as the Local Government may by rule prescribe.

Suit to obtain puttah.

55. When a landholder, for three months after demand, fails to grant a puttah in such terms as the ryot is entitled to receive, it shall be lawful for the ryot to sue for such a puttah before the Collector.

Suit to enforce acceptance of puttah.

56. When a ryot for one month after tender fails to accept the puttah tendered to him and to give a muchalka in exchange, the landholder may sue before the Collector to enforce acceptance of such puttah.

Procedure in adjudication of suit to enforce grant or acceptance of puttah.

57. In adjudicating suits under sections 55 and 56, the Collector shall first inquire whether the party sued is bound to grant or accept a puttah, and, unless this be proved, the suit shall be dismissed. If the plaintiff establishes that the party sued is bound to grant or accept a puttah, the Collector shall inquire whether the puttah demanded or tendered is a proper one. CHAPTER VII.

REPAIR OF IRRIGATION WORKS.

Application to District Collector for repair of irrigation works.

135. Any ryot or ryots holding irrigated land under a landholder and paying not less than one-fourth of the rent of the ayakat under an irrigation work or holding not less than one-fourth of the extent of the ayakat may apply to the District Collector stating that the irrigation work whereby the land held by the applicant or applicants is served is out of repair and that the landholder upon his or their application has refused or neglected to execute necessary repairs, and that he or they are unable in consequence to raise an irrigated crop, and praying for the issue of an order under section 137 for the repair of the said work. The application shall state in sufficient detail the nature of the repairs deemed necessary, and the extent of the land irrigated by the work and the rent derivable from it. The District Collector shall then by himself or by an officer subordinate to him, not below the rank of a Deputy Tahsildar, to whom he may depute the inquiry, cause to be served on the landholder a copy of the application and a notice to show cause, on a date to be stated in the notice, why the order prayed for should not issue. The notice shall also be posted in the village or villages wherein the land irrigated is situated.

Inquiry on application.

136. On the day fixed in the notice, or on any other date to which the inquiry may be adjourned, the District Collector or officer as aforesaid shall hear the applicant or applicants, the landholder and any ryots of land irrigated by the work who may attend, and may take any evidence that he may think fit. If the inquiry is made by an officer other than the District Collector, he shall make a report thereon to the District Collector.

Order on inquiry.

137. If the District Collector is satisfied that the rent payable to the landholder in respect of the land irrigated by the work is higher than it would be if the land were not so irrigated, and that the irrigation work is in such a state of disrepair as materially to prejudice the irrigation of the lands dependent upon it and that the state of disrepair is not due to the wrongful acts of the ryots or to omission to make such minor repair as the ryots are bound

to carry out under the provisions of ¹Madras Act I of 1858, he may pass an order stating which of the works mentioned in the application or shown at the inquiry are necessary for the restoration of the irrigation work to efficiency, and the estimated cost of the same, and requiring the landholder to execute the said works within a specified time. The District Collector may also in the order declare that, if the landholder refuses or within the time specified or such further time as the District Collector may allow fails to execute the works, the applicant alone or with any other ryots willing to join with him, may be authorized on application made to the Collector, to execute any or all of the said works within a reasonable time to be fixed by the Collector. Provided that such works shall be works of repair only and shall not include additions or improvements unless with the consent of the landholder, nor shall they include any petty works, such as the yearly clearance of supply and distribution channels, which by the custom of the country should be carried out by the ryots.

The District Collector shall not pass an order under this section if the landholder establishes that the obligation to maintain the irrigation work is imposed upon an inamdar holding a dasabandam inam granted prior to the permanent settlement and confirmed but not enfranchised by the British Government or has been otherwise transferred from such landholder, or unless he is satisfied that it is to the advantage of both the landholder and the ryots that the work should be repaired.

138. (1) If the irrigation work serves partly an estate and partly Government land, the repair as aforesaid shall invariably be executed by the ²[District Collector] and after notice to the landholder giving him an opportunity to examine the stated cost of the repair and urge his objection thereto, if any, the charges incurred shall be divided between the Government and the landholder in proportion to the extent of land belonging to Government which is registered as entitled to irrigation from the work and the extent of land belonging to the landholder for which he is entitled free of separate charge to irrigation from the work. The portion due by the landholder shall be recoverable as an arrear of land revenue.

³(2) Nothing in ²[sub section (1)] shall apply to irrigation works belonging to the Government, which the Government are bound to maintain, and from which the landholder is entitled to a supply of water free of charge.

⁴[(3) A landholder who is dissatisfied with an order of the District Collector under this section may sue in a Civil Court to have it set aside or modified on either of the following grounds —

(a) that he is under no obligation to repair the irrigation work concerned,

139. If the Collector has ordered under section 137 that the ryots may execute any work, the parties authorized to execute it may, after such work has been completed, apply to the District Collector for an order for the recovery of the cost. The District Collector shall then give the landholder an opportunity of stating objections to the application, and shall take such steps as he may deem necessary to satisfy himself that the works have been executed properly and within the time fixed, and that the cost claimed is not excessive. He shall, if so satisfied, pass an order specifying such amount as he may find to be reasonably due on account of the work executed, and in such order may include the cost of estimates and inspection. He shall then, in the first instance, call upon the landholder to pay the amount specified in the order; if the landholder declines to pay the amount, the District Collector shall then pass an order for the recovery of the amount from the ryots holding land under the irrigation works. The order shall set out the amount payable by each ryot in proportion to the rent of the land so held by him. Every ryot from whom any sum has been recovered under the provisions of section 139 in respect of any irrigation work shall be entitled to deduct from the rent payable by him to the landholder a sum equal to the difference between the irrigated and unirrigated rate for the land held by him under the said work. Where the unirrigated rate is not known, the Collector shall on application made determine the same with reference to the rates for dry lands of similar description and with similar advantages in the village or neighbouring villages. Where the ryot holds both irrigated and unirrigated land in his holding under a consolidated rent and the irrigated rate is not known, the Collector shall on application made determine the same:

Division of holding amongst co sharers or transfer of a portion

He shall, if so satisfied, pass an order specifying the amount he may find to be reasonably due on account of the work. Such order may include the cost of estimates and shall, in the first instance, call upon the landholder to pay the cost of the order; if the landholder declines to pay the cost, the Collector shall then pass an order for the recovery of the cost of the work from the irrigated land under the irrigation works. (2) A ryot who so relinquishes his holding or part of his holding shall be liable at the suit of the landholder before the Collector to indemnify him against any loss of rent on the holding or the part thereof for the revenue-year next following the date of the relinquishment, unless the ryot gives to the landholder on or before the first day of April notice of his intention to relinquish.

150. (1) If the landholder refuses to receive any notice under sub section (2) of section 149, the ryot may, not later than the fifteenth day of April, make an application to a Revenue-officer who shall thereupon cause the notice to be served on such landholder, the ryot paying the costs of service.

Application to Revenue-officer for service of notice

(2) Every such notice shall be deemed to have been received at the time it was first tendered.

Suit for ejectment

(2) Notwithstanding anything contained in this section a landholder may sue before the Collector for compensation in addition to or in lieu of, ejectment or for an injunction, or for the repair of the damage or waste with or without compensation.

152. If in any suit under the preceding section an occupancy ryot is found liable to ejectment, but it appears that the damage to the holding admits of being repaired, or that pecuniary compensation would afford adequate relief, the decree shall provide that, if within one month from the date thereof or such further time as the Collector for reasons to be recorded may allow, the ryot does not repair the damage or pay as compensation a sum which shall be fixed by the Collector and specified in the decree, he shall be ejected.
